## Transceivers and Receivers

Item	Description / Notes	Price
<b>Yaesu VX-8DE VHF/UHF Handheld Transceiver</b>	With GPS module, speaker/mic, drop-in charger, earpiece, car charger. No box or manual.	£200
<b>Alinco DJ-MD5 VHF/UHF DMR transceiver</b>	As new in the box, with all accessories. Has US wall plug for charger, but it's muti-voltage so just needs a converter for UK use.	£100

## Accessories

Item	Description / Notes	Price
<b>Kenwood SW-100 remote VSWR/PWR meter</b>	150W power and SWR meter up to 150MHz. Remote display/sensor. With manual.	£50
<b>Comet CF-360 duplexer</b>	SO-239 on body, 2x PL-259 leads. Port 1: 1.3-30MHz (i.e. HF) Port 2: 49-470MHz (i.e. 6m and above)  Had been used in a mobile installation some years ago, excellent condition.	£30
<b>Array Solutions FM-6 filter selector</b>	This selector box lets you select band-pass filters using a band decoder. Used for WARC filter switching alongside a Dunestar D600.	£100
<b>SEM QRM Eliminator</b>	Works well for removing noise and interference	£25
<b>Handheld radio stand</b>	Heavy steel base, Perspex stand.	£10
<b>DX Engineering mobile speaker</b>	Mobile speaker	£5
<b>70MHz pre-amp</b>	Bought for a project that never came to fruition. Looks home-made, but a good standard.	£30
<b>GPS receiver</b>	Wired to connect to a Kenwood TM-D710 head unit.	£15
<b>Elecraft KRC2 Band Decoder x2</b>	Excellent condition	£75 each
<b>Array Solutions WARC Band individual filters</b>	30m, 17m, 12m filters	£50 each

## Antennas and masts

Item	Description / Notes	Price
<b>Rotator cage</b>	For fitting onto a 2" scaffold pole, will accept Yaesu G-450 size rotator. It is fitted with a G4ZTR Teflon 'bearing'	£100
<b>Racal 8m telescopic mast</b>	Push-up ex-military mast with guy rope kit (not the full military kit).	£150
<b>70MHz 5 element Powabeam</b>	Portable antenna used for 70MHz contesting from hilltops. Good condition	£50
<b>SH-95 VHF/UHF/SHF Handheld antennas</b>	BNC connector, flexible, VHF/UHF and SHF antennas, inc 23cms.	£10 the pair
<b>Diamond RH-771 VHF/UHF handheld antenna</b>	BNC connector, with SMA adapter. Repair made where it was trapped in a door once.	£5

<b>Gutter mount bracket</b>	Was in my raynet kit bag back in the day, good condition	£5
<b>G-Whip mobile antenna</b>	Originally multi-band, but can only find the base, 20m coil and whip. From the re-launch about 10 years ago.	£20
<b>Diamond HF20FX 20m mobile whip</b>	Based loaded whip, 1.2m long. PL-259 connector	£20
<b>Diamond HF40FX 40m mobile whip</b>	Base loaded whip, 1.4m long, PL-259 connector.	£20

### Morse Keys and Keyers

Item	Description / Notes	Price
<b>Patrick and Carter Co. Telegraph Key and Sounder</b>	Circa 1880's telegraph key and sounder. Collectors item. Good condition.	£200
<b>Vibroplex Vibrokeyer Single lever paddle</b>	Good condition, s/n 65809	£100
<b>Star Masterkey</b>	CMOS memory keyer. Reasonable condition, some case screws missing, but works OK.	£20
<b>Star Masterkey MkII</b>	CW Keyer. Good condition, works OK.	£20

### Test Equipment

Item	Description / Notes	Price
<b>Eagle AG-75 Audio Signal Generator</b>	Up to 200kHz sine or square wave output	£20
<b>Beckman Helipot LP10 Precision potentiometer</b>	Sold as seen	£10
<b>Marconi TF2304 FM/AM Modulation Meter</b>	Sold as seen	£20

### Project Items

Item	Description / Notes	Price
<b>DG8SAQ VNWA kit project</b>	Partially assembled DG8SAQ VNWA kit from SDR-Kits. One of the last batch of kits, something isn't quite right and so it needs work to complete. Everything is there to finish it off.	Open to offers
<b>Box of assorted variable capacitors x2</b>	Various reclaimed variable capacitors	£20 each box
<b>Band-pass filter assembly</b>	Believe 80m, 40m, 20m, 15m and 10m. Was going to be a project with a small HF amplifier, but never got built. Sold as seen.	£20
<b>C.M. Howse CM2 Speech Processor board</b>	Fully assembled speech processor board with instructions. Planned to use with an FT-817 but no longer have the radio.	£10
<b>Ceramic coil former</b>	Cermic coil former	£5
<b>Aerial Facilities Limited Low-band VHF repeater diplexer</b>	Originally tuned for 68MHz and 84.96MHz. Not sure on exact tuning at the moment, likely somewhere around 70MHz.	£10
